

COMPLIANCE REPORT

Registration	SE-HIN	Make	Sikorsky	
Model	269C	Serial No.	1280749	
Last Update	mar 1, 2017	Custom Cycle	Flight Segment	0.0
TTAF	8282.1		Landings	0.0

Once						
Category	Number	Description	Performed	Due	Remaining	Init
Accomplishment						
AD	AD 2003-13-15 R1 Airframe	Aft cluster fittings				
N/A ref. modification and repair log page 17						
Ref : B-277						
AD	AD 2003-14-03 Engine	Rotary fuel pumps				
N/A due to fuel pump P/N						
Ref :						
AD	AD 2004-10-14 Engine	Crankshaft gear				
Information only (Prop strike)						
Ref :						
AD	AD 2005-10-12 Airframe	Lateral control trim actuator assembly				
N/A due to S/N						
Ref : B-283.1						
AD	AD 2006-16-05 Airframe	Tail Rotor Swashplate Shaft				
N/A ref. modification and reappear log page 17						
Ref : B-271.1 / LVD 3070						
AD	AD 2009-02-03 Engine	Fuel injection servos				
N/A due to injector OH-date						
Ref :						
AD	AD 2011-12-16 Airframe	Rotorcraft Tailboom	7946.5H nov 23, 2011			
N/A due to S/N						
Ref :						
AD	AD 2012-03-06 Engine	Fuel servo diaphragm				
N/A due to injector OH-date						
Ref :

Once						
Category	Number	Description	Performed	Due	Remaining	Init
Accomplishment						
AD	AD 70-17-03 Airframe	Flapping Hinge Bolts				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 72-19-04 Airframe	Battery				
N/A due to no NiCad battery installed						
Ref :						
AD	AD 72-21-04 Engine	Magnetos				
N/A due to magneto model installed (Slick)						
Ref :						
AD	AD 73-11-01 Airframe	Idler Pulley Bearing Failure				
N/A due to S/N and manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 73-15-04 Engine	Rubber drive plate grommet				
N/A due to Slick magnetos installed. (N/A if Bendix were installed as well)						
Ref :						
AD	AD 73-23-01 Engine	Piston pin assembly				
N/A due to engine S/N						
Ref :						
AD	AD 74-18-05 Engine	Magnetos				
N/A due to magneto model installed						
Ref :						
AD	AD 74-21-04 Airframe	Canopy Slats				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 75-08-09 Engine	Oil pump drive shaft				
N/A due to date of manufacture						
Ref :						
AD	AD 75-08-12 Airframe	Actuator and Cover				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						

Once						
Category	Number	Description	Performed	Due	Remaining	Init
Accomplishment						
Ref :						
AD	AD 76-10-12 Airframe	Lateral control				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 77-07-01 Airframe	Clutch Actuator				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 78-02-02 Airframe	Tail Rotor Control Pedals				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 78-23-10 Engine	Center body bellows seal assembly				
N/A due to injector P/N						
Ref :						
AD	AD 78-25-04 Airframe	Pinion Assemblies				
N/A due to manufacturing date and pinon S/N. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 78-26-04 Airframe	Tail Rotor Hub Assembly				
N/A due to manufacturing date. Incorporated at delivery ref. modification and repair log.						
Ref :						
AD	AD 79-04-05 Engine	Regulator diaphragm stem assembly				
N/A due to injector P/N						
Ref :						
AD	AD 79-18-05 Airframe	Batteries				
N/A due to none of the specified equipment installed						
Ref :						
AD	AD 80-06-05 Engine	Magnetos				
N/A due to magneto model installed						
Ref :						
AD	AD 80-18-07 Airframe	Main Transmission Assembly				

Once						
Category	Number	Description	Performed	Due	Remaining	Init
Accomplishment						
N/A due to transmission S/N						
Ref :						
AD	AD 81-16-05 Engine	Magnetos				
N/A due to magneto model installed						
Ref :						
AD	AD 81-17-01 Airframe	Starting Vibrator Assemblies	1407.0H jun 1, 1981			
Performed ref. modification and repair log page 9						
Ref : N-164 Part III/ LVD 1587						
AD	AD 81-17-04 Airframe	Drive Shaft Assemblies				
N/A due to 269A5194 drive shaft assy installed						
Ref : N-142						
AD	AD 82-15-01 R1 Airframe	Main Transmission				
N/A due transmission letter W. Also SB N-181 performed ref. overhaul Form One 2001-02-03						
Ref : N-181						
AD	AD 82-15-03 Airframe	Rotor System	1997.6H jun 23, 1982			
Performed ref. modification and repair log page 10						
Ref : N-182 / LVD 1820						
AD	AD 88-12-02 Airframe	Tail Rotor Retention Strap				
N/A due to 369A1706-517 assy installed. Life limit is 5100 hrs. Also see table B-5, component life limits.						
Ref : N-214						
AD	AD 88-17-04 Airframe	Aft Cluster Fittings	5158.8H apr 14, 1988			
Performed ref. modification and repair log page 11						
Ref : N-221 / LVD 2158						
AD	AD 89-13-02 Engine	Servo fuel injectors				
N/A due to injector S/N						
Ref :						
AD	AD 89-20-03 R1 Airframe	Tail Rotor Blades				
This inspection incorporated in the 100 hrs inspection list (HMI table B-2 / 100 hrs, item 14)						
Ref : N-183.3						
AD	AD 90-04-06 Engine	Propeller governor external oil line				

Once						
Category	Number	Description	Performed	Due	Remaining	Init
Accomplishment						
N/A due to no such oil line installed						
Ref :						
AD	AD 90-06-10 Airframe	Throttle Cable Assembly	5871.0H maj 1, 1991			
Performed ref. modification and repair log page 13						
Ref : N-210 Part III / LVD 2282						
AD	AD 90-07-07 Airframe	Cyclic Control Rod Assembly	6673.0H apr 9, 1997			
Performed ref. modification and repair log page 16						
Ref : B-237 / LVD 2311						
AD	AD 91-05-18 Airframe	Tailboom	6635.0H apr 2, 1996			
Performed ref. modification and repair log page 16						
Ref : B-239.1 / LVD 2344						
AD	AD 92-12-05 Engine	Piston pins				
N/A due to OH date and S/N						
Ref : LSB 501						
AD	AD 92-20-03 R1 Airframe	Tail Rotor Blades				
This inspection incorporated in the 100 hrs inspection list (HMI table B-2/100 item 14)						
Ref :						
AD	AD 93-05-11 Airframe	Fuel Pump Drain Tube Assembly	6442.0H feb 28, 1995			
Performed ref. modification and repair log page 15						
Ref : N-235.1 Part II / LVD 2481						
AD	AD 93-17-13 Airframe	Lower Coupling Drive Shaft				
Initially complied with 94-10-28 ref. modification and repair log page 15 as LVD 2509. Recurring inspection of drive shaft is now incorporated in Basic HMI 300 hrs inspection item 5, see AMP appendix 5/300 hrs						
Ref : SB B-257.1						
AD	AD 94-12-06 Airframe	Lower Pulley Bearings	592.9H jan 22, 1980			
Performed ref. modification and repair log page 9						
Ref : N-164 / LVD 1587						
AD	AD 94-13-04 Airframe	Clutch Control Spring Assembly	6635.0H apr 2, 1996			
Performed ref. modification and repair log page 16						
Ref : B-256.2 / LVD 2562						

Once						
Category	Number	Description	Performed	Due	Remaining	Init
Accomplishment						
AD	AD 94-16-04 Airframe	Tail Rotor Pedal support Structure	6357.0H nov 7, 1994			
Performed ref. modification and repair log page 15						
Ref : N-247 / LVD 2574						
AD	AD 95-03-12 Airframe	Clutch Control Spring Assembly	6310.0H jul 8, 1994			
Performed ref. modification and repair log page 14						
Ref : N-256.1 / LVD 2599						
AD	AD 95-21-02 Airframe	Main rotor drive shaft				
N/A du to shaft S/N prefix SZ						
Ref : SB B-255.1						
AD	AD 96-09-10 Engine	Oil pump				
Complied with at engine OH						
Ref :						
AD	AD 96-23-03 Engine	High pressure fuel pumps				
N/A due to fuel pump P/N						
Ref :						
AD	AD 97-15-11 Engine	Piston pins				
Coplid with by Lycoming at engine OH						
Ref : LSB 527C						
AD	AD 97-23-06 Airframe	Ring Gear Teeth Inspection	6357.0H okt 28, 1994			
Performed ref. modification and repair log page 15 and 17.						
Ref : N-244.2 / LVD 2821						
AD	AD 98-18-11 Airframe	Main Rotor Blade				
N/A due to blade S/N's						
Ref : LVD 2906						
AD	AD US-2006-12-07 Engine	ECl cylinder assemblies				
N/A due to cylinder type						
Ref :						
AD	AD US-2007-04-19 R1 Engine	SAP cylinder assemblies				
N/A due to cylinder type						
Ref :
